

# **REZA TIAR KUSUMA** (Class of 2017)

Studying in Rikkyo University is such a fantastic experience for me, since this is my first time studying abroad. I found studying at Rikkyo enjoyable and cozy.

All staffs and teachers, especially in MPMA Course, are kind and helpful; they will kindly help you whenever you have questions or something that are bothering you.

If you are Muslim, you don't need to worry. Rikkyo provides us a prayer room.

The MPMA Study Rooms provide PCs with Stata and Gauss to support our study. Four on-campus canteens and nearby convenience stores make our life easier too.
